GENERAL ALLEGATIONS

7. GRAM is a contract pharmaceutical manufacturer engaged in the business of filling, labeling, and packaging pharmaceutical products.

8. GRAM uses current good manufacturing practices (“cGMPs”) to perform pharmaceutical manufacturing, analytical testing, and regulatory filling for small molecules, biologics, and controlled substances.

9. GRAM’s pharmaceutical manufacturing includes the production of clinical trial materials for the pharmaceutical industry, including, without limitation, aseptic or lyophilized compounds.

10. GRAM is regulated by the United States Food and Drug Administration (“FDA”).

11. Because of the specialized nature of the contract pharmaceutical manufacturing business and the stringent FDA regulations governing its practice, there are very few contract pharmaceutical manufacturers with the ability to manufacture aseptic or lyophilized compounds in the United States.

12. Nexus is engaged in the development, bulk production, formulation, sale, and distribution of pharmaceutical products.

13. Upon information and belief, before Nexus engaged GRAM, it did not have the ability to manufacture clinical trial materials for the pharmaceutical industry, including the manufacture of aseptic or lyophilized compounds on a commercial scale.

14. GRAM and Nexus entered into a Commercial Supply Agreement, effective October 11, 2016.

15. The purpose of the Commercial Supply Agreement was for GRAM to fill, package, inspect, label, and test pharmaceutical products for distribution and sale by Nexus.

16. The Commercial Supply Agreement outlined the general relationship between GRAM and Nexus while contemplating that the parties would enter into individual Work Orders and quality agreements for the manufacture of specific products as Nexus' need arose.

17. For example, on or about October 13, 2016, GRAM and Nexus entered into a Work Order for the production of Procainamide Injection, USP.

18. As part of the Commercial Supply Agreement, Nexus agreed that during the term of the agreement and for a period of two years after its expiration or termination, Nexus "shall not, directly or indirectly, on [its] own behalf or on behalf of any other person or entity, whether as an agent, employee, consultant or in any other capacity, recruit or hire or assist in recruiting or hiring, any person who is, or was on (1) year prior to the date of such recruitment or hiring, an employee

(whether temporary or permanent) or independent contractor of [GRAM].” **Exhibit 1** at ¶ 21.1 (the “No-Hire Provision.”).

19. Prior to entering into the Commercial Supply Agreement, GRAM and Nexus entered into a Confidentiality Agreement on October 28, 2014. **Exhibit 2**.

20. The Confidentiality Agreement was incorporated into the Commercial Supply Agreement. See **Ex. 1** at ¶ 18.2.

21. Under the Confidentiality Agreement, the parties agreed that Nexus would be provided certain confidential information of GRAM, including “technology and information, whether in readable or in verbal form, relating to the products, services, business, personnel or commercial activities of the Parties, including without limitation: (a) formulas, compilations, programs, devices, concepts, inventions (whether or not patentable), designs, methods, techniques, marketing and commercial strategies, processes, data or specifications, know-how, business or financial information, research and development activities, product and marketing plans, customer and supplier information, and unique combinations of separate items, which individually may or may not be confidential, and which is not generally known to the public; (b) information acquired by a Party, by observation or otherwise, on the other Party’s premises; (c) information or other work product developed by a Party in connection with this Agreement; and (d) information that a Party is under an obligation to third parties to maintain as confidential, but for which there is third party permission to share this information between the Parties.” **Ex. 2** at ¶ 1.

22. Under the Confidentiality Agreement, “[a]ll Confidential and Proprietary Information supplied by [GRAM] will remain the property of and will be returned to [GRAM] or destroyed upon request. No copies of any Confidential and Proprietary Information may be made without the express prior written permission of [GRAM].” **Id.** at ¶ 7.

23. In the event of a breach of the Confidentiality Agreement, GRAM “may be entitled to injunctive relief restraining the act or threatened act that constitutes or would constitute a breach of this Agreement.” *Id.* at ¶ 13.

24. The “obligations of confidentiality and non-use imposed upon” Nexus by the Confidentiality Agreement and Commercial Supply Agreement are in effect for ten years after the expiration of the Commercial Supply Agreement. However, any confidential information constituting trade secrets were to be kept confidential indefinitely. **Ex. 1** at ¶ 18.7.

GRAM’s Employees Work on the Nexus Projects

25. To manage its work for Nexus and other clients, GRAM has its employees work in teams.

26. GRAM hired Scott on or about November 2016.

27. GRAM employed Scott as GRAM’s Manager of Microbiology.

28. In her role as a manager/team leader, Scott oversaw a team of GRAM of employees.

29. In her role as Manager of Microbiology, Scott was responsible for management of the QC Microbiologists performing environmental monitoring, water testing and other client-specific microbiology testing in support of aseptic manufacturing operations.

30. Scott’s duties included, but were not limited to: oversight of analysts performing complex microbial analysis, review of microbiology test results, assistance with method development and validation work, oversight of contract laboratories performing microbiological analysis on behalf of GRAM, monitoring facility and personnel performance with regards to contamination control, and investigation of out-of-trend/out-of-specification results.

31. Scott managed these responsibilities for Nexus and additionally managed testing for all of their productions and validation testing of their products.

32. Scott managed all microbiology related non-conformance results for Nexus's products.

33. GRAM hired Weidenfeller on or about January 2016.

34. GRAM employed Weidenfeller most recently as a QC Microbiologist II.

35. Weidenfeller worked on Scott's team to support GRAM's work for Nexus.

36. As a necessary requirement of their work, Scott, Weidenfeller, and GRAM's other employees are intimately familiar with GRAM's proprietary and confidential information and processes.

37. To protect its proprietary and confidential information, GRAM makes its employees sign confidentiality agreements.

38. As a condition of his employment with GRAM, on February 15, 2019, Weidenfeller signed a binding and enforceable Confidentiality, Proprietary Rights, and Arbitration Agreement (the "Proprietary Rights Agreement") with GRAM. **Exhibit 3.**

39. As a condition of her employment with GRAM, on March 4, 2019, Scott also signed a binding and enforceable Proprietary Rights Agreement with GRAM. **Exhibit 4.**

40. Weidenfeller and Scott agreed that "During the term of Employee's employment with the Company, and after the termination of such employment for any reason, whatsoever, Employee shall not disclose, divulge, or furnish any Confidential Information" to any person and return any Confidential Information in their possession. **Exhibits 3 and 4, ¶ 1(a).**

41. The Proprietary Rights Agreement defines "Confidential Information" as "any trade secret, confidential or proprietary information of the Company all other information and data that is not generally known to the Company's competitors including, without limitation, any confidential studies, data, calculations, software storage media or other compilation of

information, patent, patent application, copyright, trademark, trade name, service mark, service name, ‘know-how,’ customer or prospect lists, details of client or customer contract, pricing policies, sales techniques, confidential information relating to suppliers or providers, information relating to the special and particular needs of the Company’s customers, operational methods, marketing plans or strategies, products and formulae, product development techniques or plans, business acquisition plans, computer programs (including source of object codes), processes, procedures, research or technical data, improvements or other proprietary or intellectual property of the Company including, without limitation, all Innovations (as hereinafter defined); whether or not in written or tangible form, and whether or not registered, and including all files, records, manuals, books, catalogues, memoranda, notes, summaries, plans, reports, records, documents and other evidence thereof.” *Id.* at ¶ 1(b).

42. Weidenfeller and Scott further agreed that in addition to other remedies, in the case of breach of the Proprietary Rights Agreement GRAM would be entitled to injunctive relief and to recover its reasonable attorneys’ fees incurred. *Id.* at ¶ 3.

43. On March 4, 2019, Scott also signed a binding and enforceable Non-Compete, Non-Solicitation, and Arbitration Agreement (the “Restrictive Covenant Agreement”) with GRAM. **Exhibit 5.**

44. By signing the Restrictive Covenant Agreement, Scott agreed “that for a period of twelve (12) months from the date on which Employee’s employment with Company ends, regardless of the reason, s/he will not directly or indirectly engage in Competition with Company anywhere in the United States of America (‘USA’) as Company conducts business throughout the USA. ‘Competition’ means competing with the Company on Employee’s own behalf, or having ownership in, operating, managing or working as an agent, employee, representative or consultant,

for a person or entity that produces clinical trial materials for the pharmaceutical industry, including, without limitation, aseptic or lyophilized compounds.” *Id.*, ¶ 2. (the “Non-Compete Clause.”)

45. Scott further agreed for a period of twelve months following the end of her employment with GRAM, she would not “directly or indirectly, on Employee’s own behalf or on behalf of any other person or entity, solicit, attempt to obtain, divert, take away, do business with any current customer(s) or prospective customer(s) of the Company or interfere in any way with the business relationship between the Company and any of its customers or prospective customers.” *Id.*, ¶ 3. (the “Non-Interference Clause.”)

46. Scott further agreed “that for a period of twelve (12) months following the termination of Employee’s employment with the Company for any reason, Employee will not directly or indirectly, on Employee’s own behalf or on behalf of any other person or entity, solicit, recruit or hire any person who is an employee of Company or who was an employee of Company during the two (2) year period prior to termination of the Employee’s employment with the Company, or encourage in any manner any of Company’s employees or agents to terminate their employment or agency with Company.” *Id.*, ¶ 4. (the “Non-Solicitation Clause.”)

47. Scott further agreed if she breached her obligations, GRAM was entitled to injunctive relief and to recover its reasonable attorneys’ fees incurred in enforcing the Restrictive Covenant Agreement. *Id.*, ¶ 7.

48. On October 8, 2019, Nexus provided notice to GRAM that Nexus would not renew the Commercial Supply Agreement.

49. Based on Nexus' notice, the Commercial Supply Agreement will terminate on October 11, 2021.¹

50. Upon information and belief, Nexus terminated the Commercial Supply Agreement with GRAM because Nexus has established, or is in the process of establishing, its own facility to compete with GRAM.

51. Upon information and belief, Nexus entered into the Commercial Supply Agreement so that it could obtain GRAM's confidential information and processes so that it could use this information to establish its own competing facility.

52. Upon information and belief, Nexus is utilizing GRAM's confidential information and trade secrets in breach of its confidentiality and non-use restrictions contained within the Commercial Supply Agreement and Confidentiality Agreement.

53. After Nexus provided notice of its intent to terminate the Commercial Supply Agreement, but prior to the termination date, Nexus began soliciting GRAM's employees.

54. This was a violation of the No-Hire Provision.

55. On or about August 12, 2020, Scott resigned from her employment with GRAM.

56. Before she left her employment with GRAM, she plugged a USB drive into her GRAM computer and downloaded 3,072 files to the USB drive. A list of file names is attached as **Exhibit 7** and is referred to as "GRAM's Confidential Information."

57. GRAM's Confidential Information includes, but is not limited to, GRAM's Standard Operating Procedures, testing protocols, training manuals, FDA qualification data and procedures, equipment validation, customer information, customer lists, and pricing information.

¹ Due to Nexus' solicitation of GRAM's employees, discussed below, GRAM is providing separate notice to Nexus of the immediate termination of the Commercial Supply Agreement.

58. After downloading GRAM's Confidential Information, Scott went to work for Nexus.

59. Scott plugged the USB drive into her Nexus computer and uploaded the files she downloaded from GRAM's servers.

60. Hiring Scott was a breach by Nexus of the No-Hire Provision.

61. By going to work for Nexus, Scott breached the Non-Compete Clause.

62. By going to work for Nexus, Scott breached the Non-Interference Clause.

63. On December 28, 2020, GRAM's counsel sent a letter to Scott reminding her of Restrictive Covenant obligations. **Exhibit 6.**

64. On January 4, 2021, Weidenfeller submitted his resignation letter to GRAM.

65. Before he left his employment at GRAM, Weidenfeller downloaded fifty confidential GRAM documents relating to qualifying GRAM's facility with the FDA.

66. Thereafter, Weidenfeller went to work for Nexus.

67. Hiring Weidenfeller is a breach by Nexus of the No-Hire Provision.

68. Upon information and belief, Weidenfeller intends to assist Nexus in establishing its facility to compete with GRAM.

69. Upon information and belief, Weidenfeller is aware of Nexus' no-hire restrictions.

70. Upon information and belief, Weidenfeller is aware of Scott's Non-Compete restrictions.

71. Upon information and belief, Weidenfeller is aware of Scott's Non-Interference restrictions.

74. Upon information and belief, Nexus, in coordination with Scott, solicited Weidenfeller to leave GRAM and join Nexus.

75. Upon information and belief, Scott and Weidenfeller, in coordination with Nexus, have solicited at least three other GRAM employees to leave GRAM and join Nexus.

76. Upon information and belief, these GRAM employees currently have offers of employment from Nexus.

77. Upon information and belief, Scott, Weidenfeller, and Nexus solicited these GRAM employees in efforts to develop Nexus' own processes and systems for producing clinical trial materials for the pharmaceutical industry, including, aseptic or lyophilized compounds, to become a direct competitor to GRAM.

78. Upon information and belief, Scott, Weidenfeller, and Nexus have used GRAM's Confidential Information to save time and money in creating Standard Operating Procedures and other documents necessary for Nexus to manufacture pharmaceutical products and gain approval from the FDA.

Upon the first anniversary of the date of this Agreement and on each anniversary thereafter, the Purchase Price of such Product may be adjusted as mutually agreed by the Parties to reflect changes in the cost of materials provided by GRAM and labor costs paid by GRAM in connection with the Production of such Product. If no agreement is reached on an adjustment, GRAM may increase the Purchase Price by a percentage which may not exceed the percentage change in the U.S. PPI (Producer Price Index) for the previous 12 months. GRAM shall provide CLIENT with written notice not less than thirty (30) days prior to any Purchase Price increase, which notice shall set forth the amount of such Purchase Price increase.

5.3 GDUFA Fee. Each calendar year GRAM must pay a GDUFA (Generic Drug User Fee Amendments of 2012, as amended, or any successor law) manufacturing site fee for GRAM's facility located at 140 Front Avenue SW, Ste. 3, Grand Rapids, MI 49504 (the "Site Fee"). To partially reimburse GRAM for the Site Fee, (i) upon the execution of this Agreement, CLIENT shall pay to GRAM Twenty-Five Thousand Dollars (\$25,000), and (ii) by September 1 of each subsequent year (beginning September 1, 2017) during the Term, CLIENT shall pay to GRAM ten percent (10%) of the Site Fee due by GRAM during such year (the "Site Fee Payment"). Upon the expiration or termination of this Agreement, CLIENT shall pay to GRAM a prorated portion of the Site Fee Payment.

Article 6. Shipment and Invoicing

6.1 Delivery Terms. GRAM shall deliver all Product to CLIENT or to a location designated by CLIENT in the Purchase Order. All shipments shall be delivered EXW GRAM's facility in Grand Rapids, Michigan (Incoterms 2010), freight collect, by a common carrier designated by CLIENT in the Purchase Order, at CLIENT's expense; provided, however, GRAM shall be responsible for the loading of Product on departure and shall bear all costs of such loading. CLIENT shall procure, at its cost, insurance covering damage or loss of Product during shipping. All shipping instructions of CLIENT shall be accompanied by the name and address of the recipient and the shipping date.

CLIENT shall be responsible for obtaining and paying for any licenses or other governmental authorization(s) necessary for the exportation from the United States. 6.3 Foreign Corrupt Practices Act. CLIENT acknowledges that it is not the agent of GRAM and represents and warrants that CLIENT has not, and covenants that it and its Affiliates and agents will not, pay anything of value to any government employee in connection with the resale of Product or otherwise violate the Foreign Corrupt Practices Act, as amended.

6.4 Payment Terms. CLIENT shall pay all invoices within thirty (30) days of the invoice date, subject, as applicable, to the terms of each applicable Work Order. Product will be invoiced by GRAM upon the quality assurance release of the finished Product. Payments shall be made in U.S. dollars by check delivered to GRAM by overnight delivery with a reputable overnight delivery service or by wire transfer as directed by GRAM. Each invoice shall be payable by CLIENT in accordance with the terms noted above. Any payment due under this Agreement not received within the times noted above shall bear interest at the lesser of (a) the maximum rate permitted by law, or (b) 1.5% per month on the outstanding balance compounded monthly.

6.5 Default in Payment Obligations. In addition to all other remedies available to GRAM in the event of a CLIENT default, if CLIENT fails to make payments as required under this Agreement, GRAM may refuse all further Purchase Orders, refuse to develop or Produce any Product or provide any other services until CLIENT's account is paid in full, modify the foregoing terms of payment, place the account on a letter of credit basis, require full or partial payment in advance, suspend deliveries of Product until CLIENT provides assurance of performance reasonably satisfactory to GRAM, and/or take other reasonable means as GRAM may determine.

Article 7. Acceptance of Product

7.1 Product Conformity. GRAM shall Produce Product in accordance with cGMP and any other applicable federal laws or regulations as set forth in the Work Order ("Applicable Legal Requirements"). Production deviations and investigations which occur during Production of Product and which do not cause the Production to be non-compliant with cGMP shall not be deemed to cause such Product to be non-conforming under this Article 7. Within fifteen (15) calendar days from the date of shipment of both Product and the Released Executed Batch Record to CLIENT, CLIENT shall determine whether the Product conforms to Applicable Legal Requirements, the Quality Agreement, GRAM's Product Specifications, Master Batch Record, GRAM SOPs and the Work Order (collectively the "Product Requirements").

7.1.1 If (a) any Batch of Product conforms to the Product Requirements, or (b) CLIENT fails to notify GRAM within the applicable time period that any Batch of Product does not conform to the Product Requirements, then CLIENT shall be deemed to have accepted Product and waived its right to revoke acceptance or make any claim that such Product does not conform to the Product Requirements.

7.1.2 If CLIENT believes any Batch of Product does not conform to the Product Requirements, it shall notify GRAM immediately by telephone including a detailed explanation of the non-conformity and shall confirm such notice in writing via overnight delivery to GRAM. Upon receipt of such notice, GRAM will investigate such alleged non-conformity, and (i) if GRAM agrees such Product is non-conforming, deliver to CLIENT a corrective action plan within thirty (30) calendar days after receipt of CLIENT's written notice of non-conformity, or such additional time as is reasonably required if such investigation or plan requires data from sources other than CLIENT or GRAM, or (ii) if GRAM disagrees with CLIENT's determination that the Batch of

GRAM Comments 9/30/16

Product is non-conforming, GRAM shall so notify CLIENT by telephone within the thirty (30) calendar day period and confirm such notice in writing by overnight delivery.

7.1.3 If the Parties dispute whether a Batch of Product is conforming or non-conforming, samples of the Batch of Product will be submitted to a mutually acceptable laboratory or consultant for resolution, whose determination of conformity or non-conformity, and the cause thereof if non-conforming, shall be binding upon the Parties absent manifest error. CLIENT shall bear the costs of such laboratory or consultant, except as set forth in Section 7.2.3.

7.2 Remedies for Non-Conforming Product.

7.2.1 In the event GRAM agrees that a Batch of Product is non-conforming or the laboratory determines that the shipment of Product is non-conforming, GRAM shall replace such non-conforming Product within the latter of (i) sixty (60) calendar days from receipt of replacement Bulk Drug Substance from CLIENT or (ii) sixty (60) calendar days from the date of determination by the third party of non-conformity or agreement by GRAM of such non-conformity.

7.2.2 CLIENT shall pay for all Product, including replacement Product and the cost of Bulk Drug Substance therefore, except as specifically set forth in Section 7.2.3.

7.2.3 In the event GRAM agrees, or the laboratory or consultant determines, that Product is non-conforming solely as a result of the negligence or willful misconduct of GRAM, GRAM shall incur the cost of Production of the replacement Product, shall reimburse CLIENT for its actual cost of the Bulk Drug Substance for its replacement Product, which cost shall not exceed the Purchase Price of Product, and shall bear the costs of such laboratory or consultant.

7.3 Non-Conforming Bulk Drug Substance. If Product is rejected by CLIENT, and such Product's failure to meet the Product Requirements is the result of non-conforming Bulk Drug Substance or any other components or materials supplied by CLIENT, then such non-conformity shall be deemed not to be non-conforming for purposes of this Article 7 or otherwise.

Article 8. Term and Termination

8.1 Initial Term. This Agreement shall be effective on the Effective Date and shall continue for sixty (60) months thereafter (the "Initial Term"), unless earlier terminated in accordance with the terms of this Agreement. This Agreement will be renewed automatically for two (2) additional twenty-four (24) month periods commencing at the expiration of the Initial Term and any extensions thereof unless either the CLIENT or GRAM terminates this Agreement by giving the other Party written notice of intent to terminate at least twenty-four (24) months prior to the expiration of the Initial Term or any extension thereof. The Initial Term as may be extended is referred to in this Agreement as the "Term."

8.2 Termination for Breach. Either Party may terminate this Agreement upon the material breach of any provision of this Agreement by the other Party if such breach is not cured by the breaching Party within ten (10) calendar days for monetary defaults and thirty (30) calendar days for non-monetary defaults (or such additional time reasonably necessary to cure such non-monetary default provided the breaching Party has commenced a cure within the thirty (30) day period and is diligently pursuing completion of such cure) after receipt by the breaching Party of written notice of such default. At the

GRAM Comments 9/30/16

option of the non-breaching Party, such termination may be with respect to the entire Agreement, or only with respect to Product that is subject to the breach.

8.3 Termination for Financial Matters. This Agreement may be terminated immediately by either Party by giving the other Party written notice thereof in the event such other Party makes a general assignment for the benefit of its creditors, or proceedings of a case are commenced in any court of competent jurisdiction by or against such Party seeking (a) such Party's reorganization, liquidation, dissolution, arrangement or winding up, or the composition or readjustment of its debts, (b) the appointment of a receiver or trustee for or over such Party's property, or (c) similar relief in respect of such Party under any law relating to bankruptcy, insolvency, reorganization, winding up or composition or adjustment of debt; and such proceedings shall continue undismissed, or an order with respect to the foregoing shall be entered and continue unstated, for a period of more than sixty (60) days.

8.4 Termination Without Cause. Either Party may terminate this Agreement at any time with at least two (2) years prior written notice to the other Party, in a writing that clearly states that such Party wishes to terminate this Agreement and which states the effective date of such termination (which date shall be at least two (2) years after the written notice).

8.5 Non-Cancelable Costs and Expenses. In the event of the termination or cancellation of this Agreement, except by CLIENT as a result of a breach by GRAM under Section 8.2 or 8.3, CLIENT shall (a) reimburse GRAM for all Components ordered prior to termination and not cancelable at no cost to GRAM, and (b) pay GRAM for all outstanding Firm Orders (which GRAM shall fill and deliver to CLIENT). In addition, in the event of termination or cancellation for any reason, CLIENT shall pay prices described in Article 5 for (i) all work-in-process commenced by GRAM and (ii) all finished goods of GRAM (which finished goods shall be delivered to CLIENT unless otherwise directed by CLIENT). GRAM shall ship such materials and finished goods to CLIENT pursuant to Section 6.1. CLIENT shall make payment for all expenses described in this Section 8.5 thirty (30) days from the invoice date.

8.6 Termination Damages. In addition to the costs and expenses payable in Section 8.5, in the event of termination or cancellation of this Agreement, except by CLIENT as a result of a breach by GRAM under Section 8.2 or 8.3, CLIENT shall pay GRAM, as liquidated damages and not as a penalty, (i) eighty percent (80%) of the Annual Obligation, as defined in Section 4.3, for the next succeeding calendar year after the calendar year in which termination or cancellation occurs, (ii) sixty percent (60%) of the Annual Obligation for the second succeeding calendar year after the calendar year in which termination or cancellation occurs, and (iii) fifty (50%) of the Annual Obligation of any subsequent calendar year during the Term. Notwithstanding the foregoing in this Section 8.6, if this Agreement is terminated by either Party pursuant to Section 8.4, CLIENT shall pay GRAM any Annual Obligation during the Term (for example, during the two (2) year period prior to the termination of this Agreement but after the notice of termination under Section 8.4) but CLIENT shall not otherwise be obligated to pay GRAM any amounts under this Section 8.6 for periods after the termination of this Agreement.

8.7 Survival. Termination, expiration, cancellation or abandonment of this Agreement through any means or for any reason, except as set forth in Section 13.1, shall be without prejudice to the rights and remedies of either Party with respect to any antecedent breach of any of the provisions of this Agreement. Any expiration or termination of this Agreement shall not relieve either Party from obligations that are expressly indicated, or that by their nature are contemplated, to survive such expiration or termination.

GRAM Comments 9/30/16

Article 9. Production of Product

9.1 Presence of CLIENT. Subject to compliance with reasonable rules and regulations of GRAM, CLIENT shall have the right to be present during Production of Product.

9.2 Audits. CLIENT shall have the right to audit GRAM's facilities to determine compliance with (i) cGMP and (ii) applicable federal, state, and local laws, regulations and rules as set forth in the Work Order. Such audits shall be scheduled at mutually agreeable times upon reasonable advance written notice to GRAM, shall be at CLIENT's expense, and shall not occur more than one (1) time per calendar year unless required by GRAM's compliance status or CLIENT's obligations as a license holder or by CLIENT's customs. If CLIENT requests additional audits which are not due to GRAM's compliance status and GRAM agrees to such audits, CLIENT will incur fees as reasonably determined by GRAM. Such fees shall be paid promptly upon completion of such audits. In connection with performing such audits, CLIENT shall comply with all reasonable rules and regulations promulgated by GRAM. All information disclosed or reviewed in such inspections shall be deemed to be the property of GRAM and GRAM's Confidential Information.

9.3 Testing. GRAM shall test, or cause to be tested by third party testing facilities audited by GRAM, in accordance with the Product Specifications, each Batch of Product Produced pursuant to this Agreement before delivery to CLIENT. A certificate of analysis for each Batch of Product delivered to CLIENT shall set forth the items tested by GRAM, specifications, and test results. GRAM shall send, or cause to be sent, such certificates along with one (1) copy of the Released Executed Batch Record and certificate of product release to CLIENT prior to or at the same time of shipment of Product to CLIENT. As required by the FDA, CLIENT shall assume full responsibility for final release of each lot of the Product.

9.4 Stability Testing. At CLIENT's cost and expense, CLIENT or a Party selected by CLIENT shall perform all stability testing required to be performed on clinical, development, and/or Production Batches of Product. If performed by GRAM, such testing shall be performed in accordance with the procedures set out in the Product-specific GRAM SOPs for the stability protocol and the Work Order.

9.5 Permits and Licenses. CLIENT shall have sole responsibility, at its expense, for obtaining all permits and licenses necessary or required for the sale, marketing and commercialization of each Product Produced by GRAM under this Agreement. GRAM shall be responsible, at its expense, to obtain and maintain all permits and licenses required for it to carry out its development and Production obligations under this Agreement.

9.6 Regulatory Requirements. Each Party promptly shall notify the other of new regulatory requirements of which it becomes aware which are relevant to the Production of a Product under this Agreement and which are required by the FDA, any other applicable Regulatory Authority or other applicable laws or governmental regulations, and shall confer with each other with respect to the best means to comply with such requirements.

9.7 Drug Master File. GRAM shall file and maintain the appropriate Type V Drug Master File ("DMF") and related reference applications (e.g. Site Master File) for its Production of each Product under this Agreement in accordance with 21 CFR 314.420, as may be amended from time to time, at GRAM's expense.

GRAM Comments 9/30/16

9.8 Quality Review. At CLIENT's cost and expense and as set forth in the applicable Work Order, GRAM shall be responsible for evaluating the quality of the Product to determine the need for changes in the Specifications, manufacturing processes and/or controlled documents. GRAM shall provide CLIENT a copy of the examination results and recommendations, if any.

9.9 Customer Complaints and Adverse Events. CLIENT, as required by cGMP, shall maintain all customer complaint and adverse event files. Any such complaints received by GRAM shall be forwarded to CLIENT. CLIENT shall be responsible for the review of the complaint or adverse event to determine the need for an investigation or the need to report to the FDA as required by cGMP. CLIENT shall send to GRAM all Product performance or manufacturing-related complaints which require investigation and shall provide to GRAM all Product which is the subject of such complaints. GRAM shall conduct an investigation for each Product performance or manufacturing-related complaint and shall report findings and follow-up of each investigation to CLIENT. CLIENT shall make these complaint files available to GRAM in the event they are required during an FDA inspection.

9.10 Changes in Manufacturing.

9.10.1 *Changes to Master Batch Records and Product Specifications*. GRAM agrees to inform CLIENT within fifteen (15) days of the result of any regulatory development or changes to Product-specific GRAM SOPs that materially affect the Production of Product. GRAM shall notify CLIENT of and require written approval from CLIENT for changes to Master Batch Records and Product Specifications prior to Production of subsequent Batches of Product. CLIENT shall approve or deny GRAM's suggested changes within thirty (30) days of GRAM's request for written approval.

9.10.2 *Product-Specific Changes*. If facility, equipment, process or system changes are required of GRAM as a result of requirements set forth by the FDA or any other Regulatory Authority, and such regulatory changes apply primarily to the development or Production and supply of one or more Products, then CLIENT and GRAM will review such requirements and agree in good faith and in writing to such regulatory changes, and CLIENT shall bear 100% of the reasonable costs thereof.

9.10.3 *General Changes*. If such regulatory changes apply generally to one or more Products as well as to other products produced by GRAM for itself or for third parties, then CLIENT shall pay a pro rata amount, as reasonably determined by GRAM, of the reasonable cost of such regulatory changes based upon the proportion of time that such facility is dedicated to the Production of Products relative to the production of such other products.

9.11 Equipment Expenses. If GRAM is required to obtain specialized equipment in order to Produce Product for CLIENT, the costs of such equipment shall be paid by CLIENT. GRAM shall advise CLIENT of the specialized equipment required and the estimated costs associated with the purchase and installation of such equipment. If CLIENT, in its sole discretion, determines that it does not desire to pay the costs for such equipment, then CLIENT shall have the right to terminate this Agreement with respect to such Product for which such equipment is required only, on ninety (90) days prior written notice to GRAM. CLIENT shall be invoiced for all approved costs after installation and acceptance of such equipment by GRAM, and CLIENT shall make payments promptly thereafter.

GRAM Comments 9/30/16

CLIENT will advise GRAM of document requirements in support of NDA and/or ANDA and similar applications required of foreign governments and agencies including amendments, license applications, supplements and maintenance of such. GRAM will provide documents and assist CLIENT in preparation of submissions to Regulatory Authorities (both U.S and foreign) designated by CLIENT in support of CLIENT's NDAs, ANDAs, similar applications required of foreign governments and licenses. Prior to submission to the Regulatory Authority, CLIENT will provide GRAM with a copy of the CMC section for review and comment. A final copy of the CMC section will be provided by CLIENT to GRAM upon submission to the Regulatory Authority. Upon Regulatory Approval, CLIENT will notify GRAM within two (2) days of such approval and the anticipated date of Product launch to the market.

10.2 Regulatory Authority Inspections. At CLIENT's request, GRAM will authorize Regulatory Authorities to review related applications on CLIENT's behalf. GRAM will notify CLIENT within five (5) calendar days of all contacts with Regulatory Authorities (both written and verbal) related to each Product. GRAM shall inform CLIENT of the result of any regulatory inspection which directly affects the Production of a Product, including any notice of inspection, notice of violation or other similar notice received by GRAM affecting Production, facility, testing, storage or handling of a Product. In the event of an FDA inspection which directly involves a Product, CLIENT shall be immediately informed of the issuance of the Notice of Inspection (FDA Form 482). In the event that there are Inspectional Observations (FDA Form 483), CLIENT shall be informed immediately and shall have the opportunity to review and provide GRAM with comments to GRAM's response. CLIENT shall provide its comments to the response of these observations within five (5) calendar days. The contents of GRAM's response shall be determined by GRAM in its sole discretion.

11.2 CLIENT shall be solely responsible for selecting, registering and enforcing the CLIENT Trademarks used to identify the Product and, except as set forth in Section 11.1, shall have sole and exclusive rights in such CLIENT Trademarks.

Article 12. Representations and Warranties

GRAM Comments 9/30/16

with their terms, and (iii) the execution, delivery and performance of this Agreement does not conflict with any agreement, instrument or understanding, oral or written, to which such Party may be bound, nor violate any law or regulation of any court, governmental body or administrative or other agency having jurisdiction over it.

12.2 GRAM Representations and Warranties. GRAM represents and warrants that Product shall be Produced in accordance with cGMP. GRAM represents and warrants that it has obtained (or will obtain prior to Producing Product), and will remain in compliance with during the Term, all permits, licenses and other authorizations ("Permits") which are required under U.S. federal, state and local laws, rules and regulations applicable to the Production only of Product as specified in the Work Order; provided, however, GRAM shall have no obligation to obtain Permits relating to the sale, marketing, distribution or use of Bulk Drug Substance or Product or with respect to the labeling of Product. GRAM makes no representation or warranty with respect to, and shall have no responsibility for, the sale, marketing, distribution or use of the Bulk Drug Substance or Product or any other components or materials supplied by CLIENT, the content of the labeling or as to printed materials specified by CLIENT or its consignee.

12.3 Disclaimer of Representations and Warranties. Except for those representations and warranties set forth in Sections 12.1 and 12.2 of this Agreement, GRAM makes no representations or warranties, written, oral, express or implied, with respect to Product or the development or Production of Product or the services provided to CLIENT under this Agreement. IN PARTICULAR, ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT, ARE HEREBY DISCLAIMED BY GRAM. NO WARRANTIES OF GRAM MAY BE CHANGED BY ANY REPRESENTATIVES OF GRAM. CLIENT accepts Product subject to the terms hereof.

12.4 CLIENT Representations and Warranties. CLIENT represents and warrants that (a) it has the right to give GRAM any information provided by CLIENT under this Agreement, and that GRAM has the right to use such information for the development and Production of Product, and (b) CLIENT has no knowledge of any (i) patents or other intellectual property rights that would be infringed by GRAM's development or Production of Product under this Agreement, or (ii) proprietary rights of third parties that would be violated by GRAM's performance under this Agreement. CLIENT further represents and warrants that the Bulk Drug Substance provided to GRAM under this Agreement (1) conforms to the Bulk Drug Substance Specifications and (2) is not adulterated or misbranded within the meaning of the FD&C Act.

Article 13. Limitation of Liability and Waiver of Subrogation

13.1 Limitation of Liability. Except as expressly set forth in Article 14, each Party acknowledges and agrees that GRAM's sole liability on any claim of any kind, including without limitation negligence, strict or product liability, statutory violations, or breach of warranty or contract, for any loss or damage arising out of or connected with this Agreement, a Work Order or a Quality Agreement, or the performance or breach thereof by GRAM, or the development or Production of Product, and CLIENT's sole and exclusive remedy, is limited to those remedies set forth in Section 7.2 (and with regard to Product recalls, Section 16.1) and in GRAM's sole discretion, to either replace the non-conforming Product or reimburse CLIENT for the Purchase Price for the non-conforming Product. Notwithstanding anything to the contrary in this Agreement, a Work Order or a Quality Agreement, UNDER NO CIRCUMSTANCES SHALL GRAM BE LIABLE TO CLIENT OR ANY THIRD PARTY FOR ANY INDIRECT, SPECIAL,

GRAM Comments 9/30/16

INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, INCLUDING LOST PROFITS AND SALES, OF ANY KIND OR NATURE IN CONNECTION WITH PRODUCT, THIS AGREEMENT, A WORK ORDER OR A QUALITY AGREEMENT OR ANY SERVICES PROVIDED TO CLIENT UNDER THIS AGREEMENT, A WORK ORDER OR A QUALITY AGREEMENT, including but not limited to, the cost of cover or the cost of a recall in connection with, or by reason of the development or Production and delivery of, Product, whether such claims are founded in tort, contract or otherwise. Except as expressly set forth in Article 14, the foregoing constitutes the sole and exclusive remedy of CLIENT and the sole and exclusive liability of GRAM for breach of this Agreement, a Work Order or a Quality Agreement by GRAM or otherwise. CLIENT shall not be entitled to any other rights or remedies against GRAM (under this Agreement, a Work Order, a Quality Agreement, at law, in equity or otherwise). All claims by CLIENT for breach of or otherwise related to this Agreement, a Work Order or a Quality Agreement shall be brought within one (1) year after the cause of action accrued or shall be deemed waived.

13.2 Waiver of Subrogation. All GRAM Supplied Components and equipment used by GRAM in the Production of Product (collectively, "GRAM Property") shall at all times remain the property of GRAM and GRAM assumes risk of loss for such property until delivery of Product to a common carrier as specified under Section 6.1. GRAM hereby waives any and all rights of recovery against CLIENT and its Affiliates, and against any of their respective directors, officers, employees, agents or representatives, for any loss or damage to GRAM Property to the extent the loss of damage is covered or could be covered by insurance (whether or not such insurance is described in this Agreement). CLIENT assumes all risk of loss for all CLIENT Supplied Components, all Bulk Drug Substance supplied by CLIENT, and all Product (collectively, "CLIENT Property"). CLIENT hereby waives any and all rights of recovery against GRAM and its Affiliates, and against any of their respective directors, officers, employees, agents or representatives, for any loss or damage to the CLIENT Property to the extent the loss of damage is covered or could be covered by insurance (whether or not such insurance is described in this Agreement).

13.3 Waiver of Claims. GRAM makes no representation or warranty, and CLIENT expressly waives all claims against GRAM and its Affiliates, and any of their respective agents or employees, arising out of or in connection with any claims relating to the stability, efficacy, safety, or toxicity of Product developed, formulated, packaged, manufactured or Produced in accordance with the applicable Work Order.

Article 14. Indemnification

14.1 CLIENT Indemnification. CLIENT shall pay, reimburse, indemnify, defend and hold harmless GRAM and its Affiliates and any of their respective directors, officers, employees, subcontractors, agents and representatives (collectively the "Indemnified Parties") from and against any and all liabilities, obligations, penalties, claims, judgments, demands, actions, disbursements of any kind and nature, suits, losses, damages, costs and expenses (including, without limitation, reasonable attorney's fees) (collectively, "Damages"), including without limitation property damage, personal injury and Damages allegedly resulting in whole or in part by the negligent acts or omission of the Indemnified Parties or for acts or omissions for which the Indemnified Parties otherwise would be strictly liable, arising out of or in connection with (a) the storage, promotion, labeling, marketing, distribution, use or sale of Bulk Drug Substance or Product, (b) CLIENT's negligence or willful misconduct, (c) CLIENT's breach of this Agreement, or (d) any claim that the use, sale, Production, development, marketing or distribution of Bulk Drug Substance or Product by GRAM or CLIENT violates any patent, trademark, copyright or other proprietary rights of any third party; except to the extent any of the foregoing is caused primarily by the

GRAM Comments 9/30/16

negligence or willful misconduct of GRAM or primarily by the breach by GRAM of its obligations under this Agreement.

14.2 GRAM Indemnification. GRAM shall pay, reimburse, indemnify, defend and hold harmless CLIENT and its Affiliates and any of their respective directors, officers, employees, subcontractors, agents and representatives from and against any and all Damages to the extent (a) resulting primarily from GRAM's negligence or willful misconduct, or (b) arising out of or in connection with GRAM's breach of this Agreement; except to the extent any of the foregoing is caused primarily by the negligence or willful misconduct of CLIENT or primarily by the breach by CLIENT of its obligations under this Agreement.

14.3 Indemnatee Obligations. A Party (the "Indemnatee") which intends to claim indemnification under this Article 14 shall promptly notify the other Party (the "Indemnitor") in writing of any action, claim or other matter in respect of which the Indemnatee or any of its Affiliates, or any of their respective directors, officers, employees, subcontractors, agents or representatives, intend to claim such indemnification; provided, however, that failure to provide such notice within a reasonable period of time shall not relieve the Indemnitor of any of its obligations under this Article 14 except to the extent the Indemnitor is actually prejudiced by such failure. The Indemnatee shall permit, and shall cause its Affiliates, and their respective directors, officers, employees, subcontractors, agents and representatives to permit, the Indemnitor, at its discretion, to settle any such action, claim or other matter, and the Indemnatee agrees to the complete control of such defense or settlement by the Indemnitor. Notwithstanding the foregoing, the Indemnitor shall not enter into any settlement that would adversely affect the Indemnatee's rights under this Article 14, or impose any obligations on the Indemnatee in addition to those set forth herein, in order for it to exercise such rights, without Indemnatee's prior written consent, which shall not be unreasonably withheld, conditioned or delayed. No such action, claim or other matter shall be settled without the prior written consent of the Indemnitor, which shall not be unreasonably withheld, conditioned or delayed. The Indemnatee, its Affiliates, and their respective directors, officers, employees, subcontractors, agents and representatives shall fully cooperate with the Indemnitor and its legal representatives in the investigation and defense of any action, claim or other matter covered by the indemnification obligations of this Article 14. The Indemnatee shall have the right, but not the obligation, to be represented in such defense by counsel of its own selection and at its own expense.

14.4 Injunction. In the event that the development, Production or sale of a Product is enjoined due to alleged infringement by either Party of the proprietary rights of a third party, such action shall be deemed a material breach of this Agreement by CLIENT.

14.5 Limitation. Notwithstanding anything to the contrary set forth in this Agreement, a Work Order or a Quality Agreement, GRAM's sole liability under this Article 14 for any Damages (or otherwise for any claims, actions, losses, damages, injuries, defects, costs, expenses or other liabilities arising out of or connected with this Agreement, a Work Order or a Quality Agreement, or the performance or breach of this Agreement, a Work Order or a Quality Agreement, or the Production, sale or use of Product) on any claim of any kind (or series of related claims, including without limitation claims arising from a common source or issue), including negligence, strict or product liability, statutory violations, or breach of warranty or contract, shall in no case exceed the greater of \$100,000 (which would include any insurance proceeds used to satisfy GRAM's liability) or an amount equal to the insurance proceeds actually received by GRAM (and not used by GRAM for its own or third party damages or expenses) in relation to the applicable claim (or series of related claims, including without limitation claims arising from a common source or issue).

GRAM Comments 9/30/16

GRAM shall be named as an additional insured on the CLIENT Insurance and CLIENT promptly shall deliver a certificate of CLIENT Insurance and endorsement of additional insured to GRAM evidencing such coverage. If CLIENT fails to furnish such certificates or endorsements, or if at any time during the Term GRAM is notified of the cancellation or lapse of the CLIENT Insurance, and CLIENT fails to rectify the same within ten (10) calendar days after notice from GRAM, in addition to all other remedies available to GRAM under this Agreement, GRAM, at its option, may obtain the CLIENT Insurance and CLIENT promptly shall reimburse GRAM for the cost of the same. Any deductible and/or self-insurance retention shall be the sole responsibility of CLIENT.

15.2 GRAM Insurance. GRAM is, and shall during the Term remain, insured as follows: worker's compensation as required by Applicable Law; employer's liability insurance not less than \$1,000,000; bodily injury and property damage insurance not less than \$2,000,000 (combined single limit, per occurrence); and product liability insurance not less than \$10,000,000 (combined single limit, per occurrence).

Article 16. Recall of Product

16.1 In the event CLIENT shall be required to recall any Product because such Product may violate local, state or federal laws or regulations, the laws or regulations of any applicable foreign government or agency or the Product Specifications, or in the event that CLIENT elects to institute a voluntary recall, CLIENT shall be responsible for coordinating such recall. CLIENT promptly shall notify GRAM if any Product is the subject of a recall and provide GRAM with a copy of all documents relating to such recall. GRAM shall cooperate with CLIENT in connection with any recall, at CLIENT's expense. In the event a recall is necessary because both (i) GRAM has delivered a non-conforming Product to CLIENT, and (ii) such non-conformity is primarily due to the negligence of GRAM, GRAM will bear all reasonable costs associated with such recall (including but not limited to costs associated with receiving and administering the recalled Product and notification of the recall to those persons whom CLIENT deems appropriate); notwithstanding the foregoing, in no event shall GRAM's liability for costs associated with such recall exceed the purchase price paid to GRAM by CLIENT for the Product which is the subject of such recall. In all other cases CLIENT shall be responsible for all of the costs and expenses of any recall of Product.

Article 17. Intellectual Property and Inventions.

17.1 Existing Intellectual Property. Except as the Parties may otherwise expressly agree in writing, each Party shall continue to own its existing patents, trademarks, copyrights, trade secrets and other intellectual property, without conferring any interests therein to the other Party. Without limiting the generality of the preceding sentence, CLIENT shall retain all right, title and interest arising under the U.S. Patent Act, U.S. Trademark Act, U.S. Copyright Act and all other applicable laws, rules and regulations in and to all Products, Bulk Drug Substance, labeling and trademarks associated therewith (collectively, "CLIENT's Intellectual Property"). Neither GRAM nor any third party shall acquire any right, title or

GRAM Comments 9/30/16

interest in CLIENT's Intellectual Property by virtue of this Agreement or otherwise, except to the extent expressly provided herein or as necessary for GRAM to perform its obligations under this Agreement.

17.2 Individually Owned Inventions. Except as the Parties may otherwise agree in writing, all Inventions (as defined herein) which are conceived, reduced to practice, or created by a Party in the course of performing its obligations under this Agreement shall be solely owned and subject to use and exploitation by the inventing Party without a duty to account to the other Party. For purposes of this Agreement, "Invention" means information relating to any innovation, improvement, development, discovery, computer program, device, trade secret, method, know-how, process, technique or the like, whether or not written or otherwise, fixed in any form or medium, regardless of the media on which contained and whether or not patentable or copyrightable.

17.3 Jointly Owned Inventions. All Inventions which are conceived, reduced to practice, or created jointly by the Parties and/or their respective agents (i.e., employees or agents who would be or are properly named as co-inventors under the laws of the United States on any patent application claiming such inventions) in the course of the performance of this Agreement shall be owned jointly by the Parties. Each Party shall have full rights to exploit such Inventions for its own commercial purposes without any obligation to the other. The Parties shall share equally in the cost of mutually agreed patent filings with respect to all such jointly owned Inventions. The decision to file for patent coverage on jointly owned Inventions shall be mutually agreed upon, and the Parties shall select a mutually acceptable patent counsel to file and prosecute patent applications based on such joint Inventions.

17.4 Disclaimer. Except as otherwise expressly provided in this Agreement or as necessary for GRAM to perform its obligations under this Agreement, nothing contained in this Agreement shall be construed or interpreted, either expressly or by implication, estoppel or otherwise, as: (i) a grant, transfer or other conveyance by either Party to the other of any right, title, license or other interest of any kind in any of its Inventions or other intellectual property, (ii) creating an obligation on the part of either Party to make any such grant, transfer or other conveyance, or (iii) requiring either Party to participate with the other Party in any cooperative development program or project of any kind or to continue with any such program or project.

17.5 Rights in Intellectual Property. The Party owning any intellectual property shall have the world wide right to control the drafting, filing, prosecution and maintenance of patents covering the Inventions relating to such intellectual property, including decisions about the countries in which to file patent applications. Patent costs associated with the patent activities described in this Section shall be borne by the sole owner. Each Party will cooperate with the other Party in the filing and prosecution of patent applications. Such cooperation will include, but not be limited to, furnishing supporting data and affidavits for the prosecution of patent applications and completing and signing forms needed for the prosecution, assignment and maintenance of patent applications.

17.6 Confidentiality of Intellectual Property. Intellectual property shall be deemed to be the Confidential Information of the Party owning such intellectual property. The protection of each Party's Confidential Information is described in Article 18. Any disclosure of information by one Party to the other under the provisions of this Article 17 shall be treated as the disclosing Party's Confidential Information under this Agreement. It shall be the responsibility of the Party preparing a patent application to obtain the written permission of the other Party to use or disclose the other Party's Confidential Information in the patent application before the application is filed and for other disclosures made during the prosecution of the patent application.

Article 18. Confidential Information, Nondisclosure and Publicity

18.1 Confidentiality. In the course of the performance of this Agreement each Party may, from time to time, disclose Confidential Information to the other Party. Except as otherwise provided in this Article 18, each Party shall not disclose Confidential Information of the other Party to any third parties, and each Party shall take all reasonable steps to prevent the disclosure of Confidential Information of the other Party to third parties. However, no provision of this Agreement shall be construed so as to preclude disclosure of Confidential Information as may be reasonably necessary to secure from any governmental agency necessary approvals or licenses.

18.2 Prior Confidentiality Agreement. This Agreement, by reference, incorporates the Confidentiality Agreement signed by CLIENT and GRAM on October 28, 2014, which is made a part hereof as though fully set forth herein.

18.3 Third Party Disclosure. GRAM shall be permitted to disclose Product information to third party developmental and analytical services providers in connection with the performance of its obligations under this Agreement provided such providers shall be subject to confidentiality agreements. Either Party may disclose Confidential Information of the disclosing Party to those Affiliates, agents and consultants who need to know such information to accomplish the purposes of this Agreement (collectively, "Permitted Recipients"); provided such Permitted Recipients are bound to maintain such Confidential Information in confidence.

18.4 Litigation and Governmental Disclosure. Each Party may disclose Confidential Information under this Agreement to the extent such disclosure is reasonably necessary for prosecuting or defending litigation, complying with applicable governmental regulations or conducting pre-clinical or clinical trials, provided that if a Party is required by law or regulation to make any such disclosure of the other Party's Confidential Information it will, except where impractical for necessary disclosures (for example in the event of a medical emergency), give reasonable advance notice to the other Party of such disclosure requirement and will use good faith efforts to assist such other Party to secure a protective order or confidential treatment of such Confidential Information required to be disclosed.

18.5 Limitation of Disclosure. The Parties agree that, except as otherwise may be required by applicable laws, regulations, rules or orders, including without limitation the rules and regulations promulgated by the United States Securities and Exchange Commission, and except as may be authorized in this Article 18, no information concerning this Agreement and the transactions contemplated herein shall be made public by either Party without the prior written consent of the other Party.

18.6 Publicity and SEC Filings. The Parties agree that the public announcement of the execution of this Agreement shall only be by one or more press releases mutually agreed to by the Parties. The failure of a Party to return a draft of a press release with its proposed amendments or modifications to such press release to the other Party within five (5) days of such Party's receipt of such press release shall be deemed as such Party's approval of such press release as received by such Party. Each Party agrees that it shall cooperate fully and in a timely manner with the other with respect to all disclosures to the Securities and Exchange Commission and any other governmental or regulatory agencies, including requests for confidential treatment of Confidential Information of either Party included in any such disclosure.

GRAM Comments 9/30/16

18.7 Duration of Confidentiality. All obligations of confidentiality and non-use imposed upon the Parties under this Agreement shall expire ten (10) years after the expiration or earlier termination of this Agreement; provided, however, that Confidential Information that constitutes trade secrets of a Party shall be kept confidential indefinitely, subject to this Article 18.

Article 19. Force Majeure

19.1 Any delay in the performance of any of the duties or obligations of either Party (except the payment of money) caused by an event outside the affected Party's reasonable control shall not be considered a breach of this Agreement, and unless provided to the contrary herein, the time required for performance shall be extended for a period equal to the period of such delay. Such events shall include without limitation, acts of God; acts of public enemies; insurrections; riots; injunctions; embargoes; fires; explosions; floods; shortages of material or energy; delays in the delivery of raw materials; acts or orders of any government or agency thereof or other causes beyond the reasonable control of the Party so affected, whether or not foreseeable. The Party so affected shall give prompt notice to the other Party of such cause and a good faith estimate of the continuing effect of the force majeure condition and duration of the affected Party's nonperformance, and shall take whatever reasonable steps are appropriate to relieve the effect of such causes.

Article 21. General Provisions

21.1 Non-Solicitation. During the Term and for a period of two (2) years after the expiration or termination of this Agreement for whatever reason, each Party shall not, directly or indirectly, on such Party's own behalf or on behalf of any person or entity, whether as an agent, employee, consultant or in any other capacity, recruit or hire or assist others in recruiting or hiring, any person who is, or was one (1) year prior to the date of such recruitment or hiring, an employee (whether temporary or permanent) or independent contractor of the other Party. The Parties agree that the terms contained in this Section are reasonable in all respects. In the event a court determines that any part of this Section is unreasonable, the court may limit the application of such part, or modify such part, and proceed to enforce this Section as so limited or modified.

21.2 Governing Law. This Agreement is being delivered and executed in the State of Michigan. In any action brought regarding the validity, construction and enforcement of this Agreement, it shall be governed in all respects by the laws of the State of Delaware, without regard to any conflicts of laws or principles thereof and excluding the United Nations Convention on the International Sale of Goods. EACH PARTY HERETO HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY RELATED INSTRUMENT.

21.3 Assignment. This Agreement shall be binding upon and shall inure to the benefit of the Parties and their respective successors and permitted assigns, and may not be assigned by either Party without the prior written consent of the other, which consent shall not be unreasonably withheld, conditioned or delayed, except that no consent shall be required in the case of a transaction involving the merger, consolidation or sale of substantially all of the assets of the Party seeking such assignment and such transaction relates to the business covered by this Agreement and the resulting entity assumes all the obligations under this Agreement. GRAM may, without such consent, assign this Agreement to an Affiliate of GRAM, provided that the assignee assumes all obligations of GRAM under this Agreement. This Agreement is not intended and shall not be construed to create any rights in any parties other than CLIENT and GRAM and no other person or entity shall have or assert any rights as a third party beneficiary under this Agreement.

21.4 Alliances. GRAM agrees that CLIENT shall have the right to enter into alliances with third parties who may engage in joint (with CLIENT) or unilateral marketing and promoting of the Product or any combination of products that includes the Product.

21.5 Obligations to Third Parties. Each Party represents and warrants that this Agreement is not inconsistent with any contractual obligations of such Party, expressed or implied, undertaken with any third party.

21.6 Taxes. CLIENT shall pay all federal, state, municipal, foreign or other sales, use, excise, import, property, value added, or other similar taxes, assessments or tariffs assessed upon or levied against the sale of Product to CLIENT pursuant to this Agreement or the sale or distribution of Product by CLIENT (or at CLIENT's sole expense, defend against the imposition of such taxes and expenses). GRAM shall notify CLIENT of any such taxes that any governmental authority is seeking to collect from GRAM, and CLIENT may assume the defense thereof in GRAM's name, if necessary, and GRAM agrees to reasonably cooperate in such defense to the extent of the capacity of GRAM, at CLIENT's expense. GRAM shall pay

GRAM Comments 9/30/16

all federal, state, municipal or other taxes on the income resulting from the sale by GRAM of Product to CLIENT under this Agreement, including but not limited to, gross income, adjusted gross income, supplemental net income, gross receipts, excess profit taxes, or other similar taxes.

21.7 Entire Agreement. This Agreement constitutes the entire agreement between the Parties concerning the subject matter hereof and supersedes all written or oral prior representations, warranties, agreements or understandings with respect to the subject matter hereof.

21.8 Severability. In the event that any term or provision of this Agreement shall violate any applicable statute, ordinance, or rule of law in any jurisdiction in which it is used, or otherwise be unenforceable, such provision shall be ineffective to the extent of such violation without invalidating any other provision of this Agreement.

21.9 Waiver and Modification of Agreement. No waiver or modification of any of the terms of this Agreement shall be valid unless in writing and signed by authorized representatives of both Parties. The failure by either Party to enforce any rights under this Agreement shall not be construed as a waiver of such rights nor shall a waiver by either Party in one or more instances be construed as constituting a continuing waiver or as a waiver in other instances. No course of dealing or usage of trade shall be used to modify the terms and conditions of this Agreement.

21.10 Independent Contractor. GRAM shall act as an independent contractor for CLIENT in providing the services required under this Agreement and shall not be considered an agent of, or joint venturer with, CLIENT. Unless otherwise provided herein to the contrary, GRAM shall furnish all expertise, labor, supervision, machining and equipment necessary for performance under this Agreement and shall obtain and maintain all building and other permits and licenses required under applicable law.

21.12 Headings. The headings used in this Agreement are for convenience only and are not part of this Agreement.

IN WITNESS WHEREOF, the Parties have each caused this Agreement to be executed by their duly-authorized representatives as of the Effective Date.

MUTUAL CONFIDENTIALITY AND NONDISCLOSURE AGREEMENT

This Mutual Confidentiality and Nondisclosure Agreement (the "Agreement"), made and entered into as of this 28th day of October, 2014, by and between GRAND RIVER ASEPTIC MANUFACTURING, INC., a corporation organized under the laws of the State of Delaware having an address of 140 Front Avenue SW, Suite 3, Grand Rapids, MI 49504 ("Grand River"), and Nexus Pharmaceuticals, a corporation organized under the laws of the State of Illinois having an address of 175 E Hawthorn Pkwy Vernon Hills, IL 60061 (each referred to as "Party" and both collectively referred to as "the Parties").

BACKGROUND

WHEREAS, the parties hereto desire to explore and discuss a possible transaction relating to the formulation development and aseptic fill of an injectable drug product (the "Transaction");

WHEREAS, in connection with the Transaction, the parties will be given access to Confidential Information (as defined below) relating to each other's businesses and affairs; and

WHEREAS, the parties hereto wish to set forth their understanding with respect to the provision, retention and return of such Confidential Information during and after the discussions relating to the Transaction.

NOW, THEREFORE, in consideration of the premises and the mutual covenants and obligations hereinafter set forth, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree as follows.

1. For purposes of this Agreement, "Confidential and Proprietary Information" means technology and information, whether in readable or in verbal form, relating to the products, services, business, personnel or commercial activities of the Parties, including, without limitation: (a) formulas, compilations, programs, devices, concepts, inventions (whether or not patentable), designs, methods, techniques, marketing and commercial strategies, processes, data or specifications, know-how, business or financial information, research and development activities, product and marketing plans, customer and supplier information, and unique combinations of separate items, which individually may or may not be confidential, and which is not generally known to the public; (b) information acquired by a Party, by observation or otherwise, on the other Party's premises; (c) information or other work product developed by a Party in connection with this Agreement; and (d) information that a Party is under an obligation to third parties to maintain as confidential, but for which there is third party permission to share this information between the Parties.
2. Notwithstanding the definition of "Confidential and Proprietary Information" or any other provision of this Agreement, a receiving Party will not be required to treat any information received from the other Party as Confidential and Proprietary Information if and to the extent a receiving Party can establish by a preponderance of the evidence that:

(a) such information is or becomes generally known or available, by publication, commercial use or otherwise, without breach or violation of any confidentiality or other obligation; (b) such information was known by the receiving Party at the time of disclosure by the other Party and was not subject to any obligation of confidentiality; (c) such information was rightfully communicated to the receiving Party by a third party free of any obligation of confidentiality; or (d) such information was developed by employees or agents of the receiving Party independent of and without reference to Confidential and Proprietary Information of the other Party.

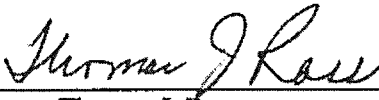

3. A Party receiving Confidential and Proprietary Information will use reasonable care not to disclose such information to any third party, except as provided herein. "Reasonable care" will be the same degree of care which the receiving party normally accords its own proprietary and confidential information. A Party receiving Confidential and Proprietary Information will limit disclosure of the other Party's Confidential and Proprietary Information to employees and agents on a need-to-know basis in performance of activities directly related to this Agreement and who have signed confidentiality agreements prohibiting disclosure of any Confidential and Proprietary Information. Neither Party will publish or announce, publicly or privately, any potential or actual business relationship or transaction with the other Party without the other Party's prior written consent. If a Party becomes legally compelled by law, process or order of any court or governmental agency to disclose any Confidential and Proprietary Information that Party will promptly notify the disclosing Party so that a protective order or other appropriate action may be immediately taken to protect such information to the extent possible. This Agreement will not preclude a Party from working with others in any connection, provided that the obligations of this Agreement are respected.
4. No right, license, title or interest, either express or implied, under any patent, copyright, trade secret, trademark or other property right is granted hereunder. The relationship of the Parties will be that of independent contractors, and nothing contained in this Agreement will be deemed to create any relationship of agency, joint venture or partnership. Neither Party will have any power to commit, contract for or otherwise obligate the other Party. None of the Confidential and Proprietary Information that may be disclosed or exchanged by the Parties under this Agreement will constitute any representation, warranty, assurance, guarantee or inducement of any kind by either Party to the other Party. Neither Party will have any liability or responsibility to the other Party for errors or omissions in any decisions made in reliance upon any Confidential and Proprietary Information disclosed under this Agreement.
5. Neither Party will assign or transfer any rights or obligations under this Agreement without the prior written consent of the other Party, except to a successor in ownership of substantially all of the assets of that Party, which successor in ownership will expressly assume in writing the performance of the terms and conditions of this Agreement.
6. The Parties do not make any representations or warranties, express or implied, regarding the value or suitability for any purpose of the Confidential and Proprietary Information.

7. All Confidential and Proprietary Information supplied by a Party will remain the property of and will be returned to the disclosing Party or destroyed upon request. No copies of any Confidential and Proprietary Information may be made without the express prior written permission of the disclosing Party.
8. In executing this Agreement, each Party warrants and represents that it has a right to enter into this Agreement and that the Agreement does not violate policies, if any, of institutions with which the Party is affiliated or any other contract or relationship of the Party.
9. If any term or provision of this Agreement is, to any extent, ruled invalid or unenforceable, the remainder of this Agreement will not be affected, and each other term and provision of this Agreement will be valid and will be enforced to the fullest extent permitted by law.
10. This Agreement is in addition to and does not supersede any prior agreements of confidentiality or nondisclosure between the Parties. This Agreement is not, and will not be construed to be, an obligation to enter into any other agreement or contract or to result in any claim whatsoever by either Party against the other Party for reimbursement of costs for any effort expended.
11. The Parties agree to comply with all relevant and applicable state and federal laws and regulations pertaining to the confidentiality of the Confidential and Proprietary Information and to execute such confidentiality agreements as may be required by such laws and/or regulations.
12. This Agreement and the rights and obligations of the Parties, including all matters of construction, validity and performance, will, in all respects, be governed by the laws of the State of Michigan.
13. In the event that a breach of this Agreement by either Party occurs or is threatened, the other Party may be entitled to injunctive relief restraining the act or threatened act that constitutes or would constitute a breach of this Agreement. In addition, the aggrieved Party will be entitled to receive damages to the extent allowable under the laws of the State of Michigan, or other available relief for any breach.
14. This Agreement is effective as of the date first written above and will apply to all Confidential and Proprietary Information provided by either Party to the other Party under this Agreement. This Agreement will terminate upon written notice from either Party to the other Party with respect to any disclosures after the date of notice, but the confidentiality obligations of this Agreement shall continue in effect after the termination date indefinitely as to Confidential and Proprietary Information disclosed prior to the termination date, unless both Parties otherwise consent in writing. All obligations created by this Agreement will survive change or termination of the Parties' business relationship.

15. Thomas J. Ross shall be the Official Correspondent for Grand River. In addition, in the event that correspondence with other personnel of Grand River becomes necessary, copies of such correspondence should be sent to Mr. Ross electronically at tross@grandriverasepticmfg.com or by hardcopy to Grand River Aseptic Manufacturing, Inc. at 140 Front Avenue SW, Suite 3, Grand Rapids, MI 49504 so that he may keep a complete file on our interaction. CONFIDENTIALITY, PROPRIETARY RIGHTS, AND ARBITRATION AGREEMENT

This CONFIDENTIALITY, PROPRIETARY RIGHTS, AND ARBITRATION AGREEMENT (this "Agreement"), dated March 1, 2019, between Grand River Aseptic Manufacturing, Inc., a Delaware corporation (the "Company"), and Jerrod Weidenfeller (the "Employee").

RECITALS

A. The Company has employed Employee and desires reasonable protection of its confidential information and proprietary rights and innovations which it has developed and will develop at substantial expense.

B. The execution and delivery of this Agreement is a condition to the Company's willingness to employ or continue to Employee, and Employee desires to make his or her agreements set forth herein.

AGREEMENT

NOW, THEREFORE, in consideration of Employee's employment or continued employment with the Company, the parties hereto hereby agree as follows:

1. Confidential Information.

(a) During the term of Employee's employment with the Company, and after the termination of such employment for any reason whatsoever, Employee shall not disclose, divulge or furnish any Confidential Information (as hereinafter defined) to any individual, partnership, corporation, limited liability company, association, trust, unincorporated organization, or a government or agency or political subdivision thereof (a "Person"), other than the Company or upon its written request, or use any Confidential Information directly or indirectly for Employee's own benefit or for the benefit of any other Person other than the Company, as such Confidential Information is strictly confidential and shall at all times remain the property of the Company. Upon the termination of Employee's employment for any reason whatsoever, Employee shall promptly turn over to the Company all business correspondence, letters, papers, reports, customer lists, financial statements, credit reports or Confidential Information or other documents or property of the Company in the possession or control of Employee, all of which are and shall continue to be the sole and exclusive property of the Company.

(b) For purposes of this Agreement, the term "Confidential Information" means any trade secret, confidential or proprietary information of the Company all other information and data that is not generally known to the Company's competitors including, without limitation, any confidential studies, data, calculations, software storage media or other compilation of information, patent, patent application, copyright, trademark, trade name, service mark, service name, "know-how," customer or prospect lists, details of client or customer contracts, pricing policies, sales techniques, confidential information relating to suppliers or providers, information relating to the special and particular needs of the Company's customers, operational methods, marketing plans or strategies, products and formulae, product development techniques or plans, business acquisition plans, computer programs (including source of object codes), processes,

procedures, research or technical data, improvements or other proprietary or intellectual property of the Company including, without limitation, all Innovations (as hereinafter defined); whether or not in written or tangible form, and whether or not registered, and including all files, records, manuals, books, catalogues, memoranda, notes, summaries, plans, reports, records, documents and other evidence thereof.

2. Innovations and Inventions.

(a) For purposes of this Agreement, the term "Innovations" means all processes, machines, manufactures, compositions of matter, improvements, inventions (whether or not protectable under patent laws), works of authorship, information fixed in any tangible medium of expression (whether or not protectable under copyright laws), mask works, trademarks, trade names, trade dress, trade secrets, know-how, ideas (whether or not protectable under trade secret laws), and all other subject matter protectable under patent, copyright, moral rights, mask work, trademark, trade secret or other laws, and includes without limitation all new or useful art, combinations, discoveries, formulae, manufacturing techniques, technical developments, discoveries, artwork, software, and designs. "Innovations" includes "Inventions," which is defined to mean any inventions protectable under patent laws. It is also understood that Innovations subject to copyright shall be works made for hire.

(b) Employee represents that Employee has neither conceived, reduced to practice, created, derived, developed nor made any Innovations applicable to the business of the Company or relating in any way to its demonstrably anticipated research and development prior to the date of this Agreement (collectively, the "Prior Innovations") to which Employee has any rights.

(c) In addition, Employee hereby agrees promptly to disclose and describe to the Company, and hereby does and will assign to the Company or the Company's designee, Employee's entire right, title, and interest in and to, each of the Innovations, and any associated intellectual property rights, which Employee may solely or jointly conceive, reduce to practice, create, derive, develop or make during the period of his employment with the Company, which either (i) relate, at the time of conception, reduction to practice, creation, derivation, development, or making of such Innovation, to the Company's business or actual or demonstrably anticipated research or development, or (ii) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or trade secret information, or (iii) resulted from any work performed by Employee for the Company. Employee will execute such applications, assignments or other documents as may be necessary or convenient to vest in the Company full title to each such Innovation and as may be necessary or convenient to obtain United States and foreign patents, copyrights and trademarks thereon to the extent the Company may so choose.

(d) If and to the extent that the provisions of this Section 2 are ineffective or insufficient to assign and transfer to the Company all right, title and interest in and to any Innovation applicable to the business of the Company (including any Prior Innovation), Employee hereby grants to the Company or its designees an irrevocable, royalty free, worldwide license to practice all applicable patent, copyright, moral right, mask work, trade secret and other intellectual

property rights relating to any such Innovation (including any Prior Innovation). Further, if and to the extent that any of the rights, title and interest in and to any such Innovation (including any Prior Innovation) cannot be licensed by Employee to the Company, Employee hereby irrevocably waives and agrees never to assert such non-licensable rights, title and interest against the Company or any of the Company's successors in interest to such non-licensable rights.

(e) If the Company is unable for any reason to secure Employee's signature to any document required to file, prosecute, register, or memorialize the assignment of any patent, copyright, mask work or other applications or to enforce any patent, copyright, mask work, moral right, trade secret or other proprietary right under any Confidential Information (including improvements thereof) or any Innovations (including derivative works, improvements, renewals, extensions, continuations, divisionals, continuations in part, continuing patent applications, reissues, and reexaminations), Employee hereby irrevocably designates and appoints the Company and its duly authorized officers and agents as Employee's agents and attorneys-in-fact to act for and on behalf of Employee, (i) to execute, file, prosecute, register and memorialize the assignment of any such application, (ii) to execute and file any documentation required for such enforcement, and (iii) to do all other lawfully permitted acts to further the filing, prosecution, registration, memorialization of assignment, issuance, and enforcement of patents, copyrights, mask works, moral rights, trade secrets or other rights under any Confidential Information or Innovation, all with the same legal force and effect as if executed by Employee.

3. Remedies.

Employee agrees that money damages would not be a sufficient remedy for any breach or threatened breach of the terms of this Agreement and that, in addition to all other remedies available hereunder or otherwise, the Company shall be entitled to equitable relief, including temporary and permanent injunctive relief (without any requirement to post any bond or other security), in the event of any such breach, and that Employee shall not oppose the granting of such relief. Such relief shall not be exclusive but shall be cumulative and shall be in addition to damages and any other rights or remedies otherwise available to the Company at law or in equity. In addition to all other relief to which they shall be entitled, the Company shall be entitled to recover all litigation costs and reasonable attorneys' fees incurred by it in enforcing any provision of this Agreement.

4. Independent Covenants.

All of the covenants in this Agreement shall be construed as agreements independent of any other provision of this Agreement or any other agreement between the parties hereto, and the existence of any claim or cause of action by any party hereto against any other party or other person, whether predicated on this Agreement or otherwise, shall not constitute a defense to the enforcement of this Agreement, and no material or other breach of any contractual or legal duty by any party shall be held sufficient to excuse or terminate Employee's obligations under this Agreement or to preclude the Company from obtaining injunctive relief as aforesaid.

5. Severability.

The invalidity or unenforceability of any provisions of this Agreement shall not affect the validity or enforceability of any other provisions of this Agreement, which shall remain in full force and effect. Should any clause, portion or provision of this Agreement be unenforceable or invalid for any reason, such unenforceability or invalidity shall not affect the enforceability or validity of the remainder of such provision or of this Agreement. Should any covenant, restriction, provision or clause of this Agreement be held unreasonable or contrary to public policy for any reason the parties agree that such provision shall automatically be deemed modified such that the contested provision will have the closest effect permitted by applicable law to the original form and shall be given effect and enforced as so modified to whatever extent would be reasonable and enforceable under applicable law.

6. Amendment; Waiver.

No provision of this Agreement may be waived, amended or otherwise modified unless such waiver, amendment or modification is agreed to in a writing and signed by the parties hereto. No waiver of any breach of any provision of this Agreement shall be deemed a waiver of similar or dissimilar provisions at the same or at any prior or subsequent time. No agreements or representations, oral or otherwise, express or implied, with respect to the subject matter hereof have been made by either party which are not expressly set forth in this Agreement.

7. Assignment; Successors.

This Agreement may not be assigned by Employee but shall be binding upon and inure to the benefit of Employee and the Company and its successors and assigns, by operation of law or otherwise (whether by merger, consolidation, sale of all or substantially all of the Company's assets or otherwise). The Company may assign or transfer its rights and obligations under this Agreement without notice or further consent.

8. Survival.

The respective obligations of, and benefits accorded to, the parties as provided in shall survive termination of Employee's employment with the Company.

9. Counterparts.

This Agreement may be executed in the original or by telecopy or electronic transmission of a .pdf file containing an executed signature page, in any number of counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument.

10. Governing Law.

This Agreement shall be governed by and construed in accordance with the laws of the State of Michigan, without regard to the conflicts of laws principles thereof.

11. Arbitration.

The Parties acknowledge and agree that any controversy or claim arising out of Employee's employment with the Company (including, but not limited to, any claim of discrimination, retaliation or harassment; any claim under any state or federal civil rights statute or common law; and any claim for breach of this Agreement) shall be settled solely by arbitration in the County of Kent, State of Michigan, in accordance with the rules of the American Arbitration Association then pertaining. This paragraph, however, does not prevent or prohibit the Company from seeking and obtaining temporary or preliminary injunctive relief from a court of law due to Employee's actual or threatened breach of paragraphs 1 or 2 above. Seeking such equitable relief in a court of law shall not prejudice the Company's right to demand Arbitration under this Paragraph in order to seek equitable or legal relief.

The decision of the Arbitrator shall be final and binding and neither party shall have any right of appeal therefrom. Judgment upon the award rendered by the Arbitrator may be entered in the Circuit Court for the County of Kent.

The demand for arbitration must be submitted, in writing, to Company or to Employee and to the American Arbitration Association at 1101 Laurel Oak Road, Suite 100, Voorhees, NJ 08043. The demand must be received by the American Arbitration Association within one hundred eighty (180) days after the alleged violation, misconduct, breach or incident which gives rise to the request for arbitration. Failure to file the demand with the American Arbitration Association within the said one hundred eighty (180) day time period shall constitute a full and complete waiver of the claim, and a complete waiver of any right to compensation, benefits or damages. If the written demand for arbitration is not filed within the said one hundred eighty (180) day period, it is forever barred. The Parties shall bear their own attorneys fees associated with the arbitration except as otherwise provided by paragraph 3 of this Agreement.

EMPLOYEE UNDERSTANDS THAT THIS AGREEMENT CONSTITUTES A WAIVER OF ANY RIGHT TO ADJUDICATE CLAIMS AGAINST THE COMPANY IN COURT, AND THAT EMPLOYEE IS OPTING INSTEAD TO ARBITRATE ANY SUCH CLAIMS.

12. At-Will Status.

This Agreement in no way affects the Employee's at-will status. The Parties agree that Employee's employment can be terminated with or without cause, and with or without notice, at any time, at the option of either the Company or the Employee.

IN WITNESS WHEREOF, this Confidentiality, Proprietary Rights and Arbitration Agreement has been duly executed and delivered by each of the parties hereto as of the date first written above.

This CONFIDENTIALITY, PROPRIETARY RIGHTS, AND ARBITRATION AGREEMENT (this "Agreement"), dated March 1, 2019, between Grand River Aseptic Manufacturing, Inc., a Delaware corporation (the "Company"), and Sherri Scott (the "Employee").

RECITALS

A. The Company has employed Employee and desires reasonable protection of its confidential information and proprietary rights and innovations which it has developed and will develop at substantial expense.

B. The execution and delivery of this Agreement is a condition to the Company's willingness to employ or continue to Employee, and Employee desires to make his or her agreements set forth herein.

AGREEMENT

NOW, THEREFORE, in consideration of Employee's employment or continued employment with the Company, the parties hereto hereby agree as follows:

1. Confidential Information.

(a) During the term of Employee's employment with the Company, and after the termination of such employment for any reason whatsoever, Employee shall not disclose, divulge or furnish any Confidential Information (as hereinafter defined) to any individual, partnership, corporation, limited liability company, association, trust, unincorporated organization, or a government or agency or political subdivision thereof (a "Person"), other than the Company or upon its written request, or use any Confidential Information directly or indirectly for Employee's own benefit or for the benefit of any other Person other than the Company, as such Confidential Information is strictly confidential and shall at all times remain the property of the Company. Upon the termination of Employee's employment for any reason whatsoever, Employee shall promptly turn over to the Company all business correspondence, letters, papers, reports, customer lists, financial statements, credit reports or Confidential Information or other documents or property of the Company in the possession or control of Employee, all of which are and shall continue to be the sole and exclusive property of the Company.

(b) For purposes of this Agreement, the term "Confidential Information" means any trade secret, confidential or proprietary information of the Company all other information and data that is not generally known to the Company's competitors including, without limitation, any confidential studies, data, calculations, software storage media or other compilation of information, patent, patent application, copyright, trademark, trade name, service mark, service name, "know-how," customer or prospect lists, details of client or customer contracts, pricing policies, sales techniques, confidential information relating to suppliers or providers, information relating to the special and particular needs of the Company's customers, operational methods, marketing plans or strategies, products and formulae, product development techniques or plans, business acquisition plans, computer programs (including source of object codes), processes, procedures, research or technical data, improvements or other proprietary or intellectual property

of the Company including, without limitation, all Innovations (as hereinafter defined); whether or not in written or tangible form, and whether or not registered, and including all files, records, manuals, books, catalogues, memoranda, notes, summaries, plans, reports, records, documents and other evidence thereof.

2. Innovations and Inventions.

(a) For purposes of this Agreement, the term "Innovations" means all processes, machines, manufactures, compositions of matter, improvements, inventions (whether or not protectable under patent laws), works of authorship, information fixed in any tangible medium of expression (whether or not protectable under copyright laws), mask works, trademarks, trade names, trade dress, trade secrets, know-how, ideas (whether or not protectable under trade secret laws), and all other subject matter protectable under patent, copyright, moral rights, mask work, trademark, trade secret or other laws, and includes without limitation all new or useful art, combinations, discoveries, formulae, manufacturing techniques, technical developments, discoveries, artwork, software, and designs. "Innovations" includes "Inventions," which is defined to mean any inventions protectable under patent laws. It is also understood that Innovations subject to copyright shall be works made for hire.

(b) Employee represents that Employee has neither conceived, reduced to practice, created, derived, developed nor made any Innovations applicable to the business of the Company or relating in any way to its demonstrably anticipated research and development prior to the date of this Agreement (collectively, the "Prior Innovations") to which Employee has any rights.

(c) In addition, Employee hereby agrees promptly to disclose and describe to the Company, and hereby does and will assign to the Company or the Company's designee, Employee's entire right, title, and interest in and to, each of the Innovations, and any associated intellectual property rights, which Employee may solely or jointly conceive, reduce to practice, create, derive, develop or make during the period of his employment with the Company, which either (i) relate, at the time of conception, reduction to practice, creation, derivation, development, or making of such Innovation, to the Company's business or actual or demonstrably anticipated research or development, or (ii) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or trade secret information, or (iii) resulted from any work performed by Employee for the Company. Employee will execute such applications, assignments or other documents as may be necessary or convenient to vest in the Company full title to each such Innovation and as may be necessary or convenient to obtain United States and foreign patents, copyrights and trademarks thereon to the extent the Company may so choose.

(d) If and to the extent that the provisions of this Section 2 are ineffective or insufficient to assign and transfer to the Company all right, title and interest in and to any Innovation applicable to the business of the Company (including any Prior Innovation), Employee hereby grants to the Company or its designees an irrevocable, royalty free, worldwide license to practice all applicable patent, copyright, moral right, mask work, trade secret and other intellectual property rights relating to any such Innovation (including any Prior Innovation). Further, if and to

the extent that any of the rights, title and interest in and to any such Innovation (including any Prior Innovation) cannot be licensed by Employee to the Company, Employee hereby irrevocably waives and agrees never to assert such non-licensable rights, title and interest against the Company or any of the Company's successors in interest to such non-licensable rights.

(e) If the Company is unable for any reason to secure Employee's signature to any document required to file, prosecute, register, or memorialize the assignment of any patent, copyright, mask work or other applications or to enforce any patent, copyright, mask work, moral right, trade secret or other proprietary right under any Confidential Information (including improvements thereof) or any Innovations (including derivative works, improvements, renewals, extensions, continuations, divisionals, continuations in part, continuing patent applications, reissues, and reexaminations), Employee hereby irrevocably designates and appoints the Company and its duly authorized officers and agents as Employee's agents and attorneys-in-fact to act for and on behalf of Employee, (i) to execute, file, prosecute, register and memorialize the assignment of any such application, (ii) to execute and file any documentation required for such enforcement, and (iii) to do all other lawfully permitted acts to further the filing, prosecution, registration, memorialization of assignment, issuance, and enforcement of patents, copyrights, mask works, moral rights, trade secrets or other rights under any Confidential Information or Innovation, all with the same legal force and effect as if executed by Employee.

3. Remedies.

Employee agrees that money damages would not be a sufficient remedy for any breach or threatened breach of the terms of this Agreement and that, in addition to all other remedies available hereunder or otherwise, the Company shall be entitled to equitable relief, including temporary and permanent injunctive relief (without any requirement to post any bond or other security), in the event of any such breach, and that Employee shall not oppose the granting of such relief. Such relief shall not be exclusive but shall be cumulative and shall be in addition to damages and any other rights or remedies otherwise available to the Company at law or in equity. In addition to all other relief to which they shall be entitled, the Company shall be entitled to recover all litigation costs and reasonable attorneys' fees incurred by it in enforcing any provision of this Agreement.

4. Independent Covenants.

All of the covenants in this Agreement shall be construed as agreements independent of any other provision of this Agreement or any other agreement between the parties hereto, and the existence of any claim or cause of action by any party hereto against any other party or other person, whether predicated on this Agreement or otherwise, shall not constitute a defense to the enforcement of this Agreement, and no material or other breach of any contractual or legal duty by any party shall be held sufficient to excuse or terminate Employee's obligations under this Agreement or to preclude the Company from obtaining injunctive relief as aforesaid.

5. Severability.

The invalidity or unenforceability of any provisions of this Agreement shall not affect the validity or enforceability of any other provisions of this Agreement, which shall remain in full force and effect. Should any clause, portion or provision of this Agreement be unenforceable or invalid for any reason, such unenforceability or invalidity shall not affect the enforceability or validity of the remainder of such provision or of this Agreement. Should any covenant, restriction, provision or clause of this Agreement be held unreasonable or contrary to public policy for any reason the parties agree that such provision shall automatically be deemed modified such that the contested provision will have the closest effect permitted by applicable law to the original form and shall be given effect and enforced as so modified to whatever extent would be reasonable and enforceable under applicable law.

6. Amendment; Waiver.

No provision of this Agreement may be waived, amended or otherwise modified unless such waiver, amendment or modification is agreed to in a writing and signed by the parties hereto. No waiver of any breach of any provision of this Agreement shall be deemed a waiver of similar or dissimilar provisions at the same or at any prior or subsequent time. No agreements or representations, oral or otherwise, express or implied, with respect to the subject matter hereof have been made by either party which are not expressly set forth in this Agreement.

7. Assignment; Successors.

This Agreement may not be assigned by Employee but shall be binding upon and inure to the benefit of Employee and the Company and its successors and assigns, by operation of law or otherwise (whether by merger, consolidation, sale of all or substantially all of the Company's assets or otherwise). The Company may assign or transfer its rights and obligations under this Agreement without notice or further consent.

8. Survival.

The respective obligations of, and benefits accorded to, the parties as provided in shall survive termination of Employee's employment with the Company.

9. Counterparts.

This Agreement may be executed in the original or by telecopy or electronic transmission of a .pdf file containing an executed signature page, in any number of counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument.

10. Governing Law.

This Agreement shall be governed by and construed in accordance with the laws of the State of Michigan, without regard to the conflicts of laws principles thereof.

11. Arbitration.

The Parties acknowledge and agree that any controversy or claim arising out of Employee's employment with the Company (including, but not limited to, any claim of discrimination, retaliation or harassment; any claim under any state or federal civil rights statute or common law; and any claim for breach of this Agreement) shall be settled solely by arbitration in the County of Kent, State of Michigan, in accordance with the rules of the American Arbitration Association then pertaining. This paragraph, however, does not prevent or prohibit the Company from seeking and obtaining temporary or preliminary injunctive relief from a court of law due to Employee's actual or threatened breach of paragraphs 1 or 2 above. Seeking such equitable relief in a court of law shall not prejudice the Company's right to demand Arbitration under this Paragraph in order to seek equitable or legal relief.

The decision of the Arbitrator shall be final and binding and neither party shall have any right of appeal therefrom. Judgment upon the award rendered by the Arbitrator may be entered in the Circuit Court for the County of Kent.

The demand for arbitration must be submitted, in writing, to Company or to Employee and to the American Arbitration Association at 1101 Laurel Oak Road, Suite 100, Voorhees, NJ 08043. The demand must be received by the American Arbitration Association within one hundred eighty (180) days after the alleged violation, misconduct, breach or incident which gives rise to the request for arbitration. Failure to file the demand with the American Arbitration Association within the said one hundred eighty (180) day time period shall constitute a full and complete waiver of the claim, and a complete waiver of any right to compensation, benefits or damages. If the written demand for arbitration is not filed within the said one hundred eighty (180) day period, it is forever barred. The Parties shall bear their own attorneys fees associated with the arbitration except as otherwise provided by paragraph 3 of this Agreement.

EMPLOYEE UNDERSTANDS THAT THIS AGREEMENT CONSTITUTES A WAIVER OF ANY RIGHT TO ADJUDICATE CLAIMS AGAINST THE COMPANY IN COURT, AND THAT EMPLOYEE IS OPTING INSTEAD TO ARBITRATE ANY SUCH CLAIMS.

12. At-Will Status.

This Agreement in no way affects the Employee's at-will status. The Parties agree that Employee's employment can be terminated with or without cause, and with or without notice, at any time, at the option of either the Company or the Employee.

5. Reasonable Restrictions. Employee acknowledges and agrees that the terms of this Agreement are reasonable with respect to their duration, geographical area and scope, and that the restrictions imposed upon Employee under this Agreement are reasonable and necessary for the protection of the Company's Confidential Information, customer and employee relationships and business goodwill. Employee further acknowledges and agrees that the restrictions imposed hereunder will not pose any substantial hardship on Employee and that Employee will reasonably be able to earn a livelihood without violating any provision of this Agreement.

6. Judicial/Arbitral Modification of Agreement. If any provision of this Agreement is found to be invalid or unenforceable, it shall be modified by an arbitrator or court of competent jurisdiction in such a manner as to be valid and fully enforceable to the maximum extent permitted by law.

7. Enforcement. Employee understands and acknowledges that if s/he violates any provision of this Agreement, Company will be entitled to immediate injunctive relief prohibiting Employee from further violating this Agreement, as well as money damages and any other relief available by law. In addition, Employee will pay Company's reasonable attorney's fees and costs

involved in enforcing this Agreement. In the event Employee violates any provision this Agreement in which there is a specific time period during which Employee is prohibited from taking certain actions or from engaging in certain activities, then, in such event, such violation shall toll the running of such time period from the date of such violation until such violation shall cease. Employee acknowledges and agrees that his obligations under this Agreement shall apply regardless of the reason for the termination of his employment with Company and regardless of whether the termination was initiated by Company or Employee.

8. Choice of Law. This Agreement shall be governed by and construed according to the laws of the State of Michigan.

9. Arbitration. The Parties acknowledge and agree that any controversy or claim arising out of Employee's employment with the Company (including, but not limited to, any claim of discrimination, retaliation or harassment; any claim under any state or federal civil rights statute or common law; and any claim for breach of this Agreement) shall be settled solely by arbitration in the County of Kent, State of Michigan, in accordance with the rules of the American Arbitration Association then pertaining. This paragraph, however, does not prevent or prohibit the Company from seeking and obtaining temporary or preliminary injunctive relief from a court of law due to Employee's actual or threatened breach of paragraphs 2 through 4 above. Seeking such equitable relief in a court of law shall not prejudice the Company's right to demand Arbitration under this Paragraph in order to seek equitable or legal relief.

The decision of the Arbitrator shall be final and binding and neither party shall have any right of appeal therefrom. Judgment upon the award rendered by the Arbitrator may be entered in the Circuit Court for the County of Kent.

The demand for arbitration must be submitted, in writing, to Company or to Employee and to the American Arbitration Association at 1101 Laurel Oak Road, Suite 100, Voorhees, NJ 08043. The demand must be received by the American Arbitration Association within one hundred eighty (180) days after the alleged violation, misconduct, breach or incident which gives rise to the request for arbitration. Failure to file the demand with the American Arbitration Association within the said one hundred eighty (180) day time period shall constitute a full and complete waiver of the claim, and a complete waiver of any right to compensation, benefits or damages. If the written demand for arbitration is not filed within the said one hundred eighty (180) day period, it is forever barred. The Parties shall bear their own attorneys fees associated with the arbitration except as otherwise provided by paragraph 7 of this Agreement.

EMPLOYEE UNDERSTANDS THAT THIS AGREEMENT CONSTITUTES A WAIVER OF ANY RIGHT TO ADJUDICATE CLAIMS AGAINST THE COMPANY IN COURT, AND THAT EMPLOYEE IS OPTING INSTEAD TO ARBITRATE ANY SUCH CLAIMS.

10. Survival. The respective obligations of, and benefits accorded to, the parties as provided in shall survive termination of Employee's employment with the Company.

11. Counterparts. This Agreement may be executed in the original or by telecopy or electronic transmission of a .pdf file containing an executed signature page, in any number of

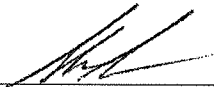

counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, this Non-Compete, Non-Solicitation and Arbitration Agreement has been duly executed and delivered by each of the parties hereto as of the date first written above.

CONFIDENTIALITY, PROPRIETARY RIGHTS, AND ARBITRATION AGREEMENT

This CONFIDENTIALITY, PROPRIETARY RIGHTS, AND ARBITRATION AGREEMENT (this "Agreement"), dated March 1, 2019, between Grand River Aseptic Manufacturing, Inc., a Delaware corporation (the "Company"), and Sherri Scott (the "Employee").

RECITALS

A. The Company has employed Employee and desires reasonable protection of its confidential information and proprietary rights and innovations which it has developed and will develop at substantial expense.

B. The execution and delivery of this Agreement is a condition to the Company's willingness to employ or continue to Employee, and Employee desires to make his or her agreements set forth herein.

AGREEMENT

NOW, THEREFORE, in consideration of Employee's employment or continued employment with the Company, the parties hereto hereby agree as follows:

1. Confidential Information.

(a) During the term of Employee's employment with the Company, and after the termination of such employment for any reason whatsoever, Employee shall not disclose, divulge or furnish any Confidential Information (as hereinafter defined) to any individual, partnership, corporation, limited liability company, association, trust, unincorporated organization, or a government or agency or political subdivision thereof (a "Person"), other than the Company or upon its written request, or use any Confidential Information directly or indirectly for Employee's own benefit or for the benefit of any other Person other than the Company, as such Confidential Information is strictly confidential and shall at all times remain the property of the Company. Upon the termination of Employee's employment for any reason whatsoever, Employee shall promptly turn over to the Company all business correspondence, letters, papers, reports, customer lists, financial statements, credit reports or Confidential Information or other documents or property of the Company in the possession or control of Employee, all of which are and shall continue to be the sole and exclusive property of the Company.

(b) For purposes of this Agreement, the term "Confidential Information" means any trade secret, confidential or proprietary information of the Company all other information and data that is not generally known to the Company's competitors including, without limitation, any confidential studies, data, calculations, software storage media or other compilation of information, patent, patent application, copyright, trademark, trade name, service mark, service name, "know-how," customer or prospect lists, details of client or customer contracts, pricing policies, sales techniques, confidential information relating to suppliers or providers, information relating to the special and particular needs of the Company's customers, operational methods, marketing plans or strategies, products and formulae, product development techniques or plans, business acquisition plans, computer programs (including source of object codes), processes, procedures, research or technical data, improvements or other proprietary or intellectual property

of the Company including, without limitation, all Innovations (as hereinafter defined); whether or not in written or tangible form, and whether or not registered, and including all files, records, manuals, books, catalogues, memoranda, notes, summaries, plans, reports, records, documents and other evidence thereof.

2. Innovations and Inventions.

(a) For purposes of this Agreement, the term "Innovations" means all processes, machines, manufactures, compositions of matter, improvements, inventions (whether or not protectable under patent laws), works of authorship, information fixed in any tangible medium of expression (whether or not protectable under copyright laws), mask works, trademarks, trade names, trade dress, trade secrets, know-how, ideas (whether or not protectable under trade secret laws), and all other subject matter protectable under patent, copyright, moral rights, mask work, trademark, trade secret or other laws, and includes without limitation all new or useful art, combinations, discoveries, formulae, manufacturing techniques, technical developments, discoveries, artwork, software, and designs. "Innovations" includes "Inventions," which is defined to mean any inventions protectable under patent laws. It is also understood that Innovations subject to copyright shall be works made for hire.

(b) Employee represents that Employee has neither conceived, reduced to practice, created, derived, developed nor made any Innovations applicable to the business of the Company or relating in any way to its demonstrably anticipated research and development prior to the date of this Agreement (collectively, the "Prior Innovations") to which Employee has any rights.

(c) In addition, Employee hereby agrees promptly to disclose and describe to the Company, and hereby does and will assign to the Company or the Company's designee, Employee's entire right, title, and interest in and to, each of the Innovations, and any associated intellectual property rights, which Employee may solely or jointly conceive, reduce to practice, create, derive, develop or make during the period of his employment with the Company, which either (i) relate, at the time of conception, reduction to practice, creation, derivation, development, or making of such Innovation, to the Company's business or actual or demonstrably anticipated research or development, or (ii) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or trade secret information, or (iii) resulted from any work performed by Employee for the Company. Employee will execute such applications, assignments or other documents as may be necessary or convenient to vest in the Company full title to each such Innovation and as may be necessary or convenient to obtain United States and foreign patents, copyrights and trademarks thereon to the extent the Company may so choose.

(d) If and to the extent that the provisions of this Section 2 are ineffective or insufficient to assign and transfer to the Company all right, title and interest in and to any Innovation applicable to the business of the Company (including any Prior Innovation), Employee hereby grants to the Company or its designees an irrevocable, royalty free, worldwide license to practice all applicable patent, copyright, moral right, mask work, trade secret and other intellectual property rights relating to any such Innovation (including any Prior Innovation). Further, if and to

the extent that any of the rights, title and interest in and to any such Innovation (including any Prior Innovation) cannot be licensed by Employee to the Company, Employee hereby irrevocably waives and agrees never to assert such non-licensable rights, title and interest against the Company or any of the Company's successors in interest to such non-licensable rights.

(e) If the Company is unable for any reason to secure Employee's signature to any document required to file, prosecute, register, or memorialize the assignment of any patent, copyright, mask work or other applications or to enforce any patent, copyright, mask work, moral right, trade secret or other proprietary right under any Confidential Information (including improvements thereof) or any Innovations (including derivative works, improvements, renewals, extensions, continuations, divisionals, continuations in part, continuing patent applications, reissues, and reexaminations), Employee hereby irrevocably designates and appoints the Company and its duly authorized officers and agents as Employee's agents and attorneys-in-fact to act for and on behalf of Employee, (i) to execute, file, prosecute, register and memorialize the assignment of any such application, (ii) to execute and file any documentation required for such enforcement, and (iii) to do all other lawfully permitted acts to further the filing, prosecution, registration, memorialization of assignment, issuance, and enforcement of patents, copyrights, mask works, moral rights, trade secrets or other rights under any Confidential Information or Innovation, all with the same legal force and effect as if executed by Employee.

3. Remedies.

Employee agrees that money damages would not be a sufficient remedy for any breach or threatened breach of the terms of this Agreement and that, in addition to all other remedies available hereunder or otherwise, the Company shall be entitled to equitable relief, including temporary and permanent injunctive relief (without any requirement to post any bond or other security), in the event of any such breach, and that Employee shall not oppose the granting of such relief. Such relief shall not be exclusive but shall be cumulative and shall be in addition to damages and any other rights or remedies otherwise available to the Company at law or in equity. In addition to all other relief to which they shall be entitled, the Company shall be entitled to recover all litigation costs and reasonable attorneys' fees incurred by it in enforcing any provision of this Agreement.

4. Independent Covenants.

All of the covenants in this Agreement shall be construed as agreements independent of any other provision of this Agreement or any other agreement between the parties hereto, and the existence of any claim or cause of action by any party hereto against any other party or other person, whether predicated on this Agreement or otherwise, shall not constitute a defense to the enforcement of this Agreement, and no material or other breach of any contractual or legal duty by any party shall be held sufficient to excuse or terminate Employee's obligations under this Agreement or to preclude the Company from obtaining injunctive relief as aforesaid.

5. Severability.

The invalidity or unenforceability of any provisions of this Agreement shall not affect the validity or enforceability of any other provisions of this Agreement, which shall remain in full force and effect. Should any clause, portion or provision of this Agreement be unenforceable or invalid for any reason, such unenforceability or invalidity shall not affect the enforceability or validity of the remainder of such provision or of this Agreement. Should any covenant, restriction, provision or clause of this Agreement be held unreasonable or contrary to public policy for any reason the parties agree that such provision shall automatically be deemed modified such that the contested provision will have the closest effect permitted by applicable law to the original form and shall be given effect and enforced as so modified to whatever extent would be reasonable and enforceable under applicable law.

6. Amendment; Waiver.

No provision of this Agreement may be waived, amended or otherwise modified unless such waiver, amendment or modification is agreed to in a writing and signed by the parties hereto. No waiver of any breach of any provision of this Agreement shall be deemed a waiver of similar or dissimilar provisions at the same or at any prior or subsequent time. No agreements or representations, oral or otherwise, express or implied, with respect to the subject matter hereof have been made by either party which are not expressly set forth in this Agreement.

7. Assignment; Successors.

This Agreement may not be assigned by Employee but shall be binding upon and inure to the benefit of Employee and the Company and its successors and assigns, by operation of law or otherwise (whether by merger, consolidation, sale of all or substantially all of the Company's assets or otherwise). The Company may assign or transfer its rights and obligations under this Agreement without notice or further consent.

8. Survival.

The respective obligations of, and benefits accorded to, the parties as provided in shall survive termination of Employee's employment with the Company.

9. Counterparts.

This Agreement may be executed in the original or by telecopy or electronic transmission of a .pdf file containing an executed signature page, in any number of counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument.

10. Governing Law.

This Agreement shall be governed by and construed in accordance with the laws of the State of Michigan, without regard to the conflicts of laws principles thereof.

11. Arbitration.

The Parties acknowledge and agree that any controversy or claim arising out of Employee's employment with the Company (including, but not limited to, any claim of discrimination, retaliation or harassment; any claim under any state or federal civil rights statute or common law; and any claim for breach of this Agreement) shall be settled solely by arbitration in the County of Kent, State of Michigan, in accordance with the rules of the American Arbitration Association then pertaining. This paragraph, however, does not prevent or prohibit the Company from seeking and obtaining temporary or preliminary injunctive relief from a court of law due to Employee's actual or threatened breach of paragraphs 1 or 2 above. Seeking such equitable relief in a court of law shall not prejudice the Company's right to demand Arbitration under this Paragraph in order to seek equitable or legal relief.

The decision of the Arbitrator shall be final and binding and neither party shall have any right of appeal therefrom. Judgment upon the award rendered by the Arbitrator may be entered in the Circuit Court for the County of Kent.

The demand for arbitration must be submitted, in writing, to Company or to Employee and to the American Arbitration Association at 1101 Laurel Oak Road, Suite 100, Voorhees, NJ 08043. The demand must be received by the American Arbitration Association within one hundred eighty (180) days after the alleged violation, misconduct, breach or incident which gives rise to the request for arbitration. Failure to file the demand with the American Arbitration Association within the said one hundred eighty (180) day time period shall constitute a full and complete waiver of the claim, and a complete waiver of any right to compensation, benefits or damages. If the written demand for arbitration is not filed within the said one hundred eighty (180) day period, it is forever barred. The Parties shall bear their own attorneys fees associated with the arbitration except as otherwise provided by paragraph 3 of this Agreement.

EMPLOYEE UNDERSTANDS THAT THIS AGREEMENT CONSTITUTES A WAIVER OF ANY RIGHT TO ADJUDICATE CLAIMS AGAINST THE COMPANY IN COURT, AND THAT EMPLOYEE IS OPTING INSTEAD TO ARBITRATE ANY SUCH CLAIMS.

12. At-Will Status.

This Agreement in no way affects the Employee's at-will status. The Parties agree that Employee's employment can be terminated with or without cause, and with or without notice, at any time, at the option of either the Company or the Employee.

IN WITNESS WHEREOF, this Confidentiality, Proprietary Rights and Arbitration Agreement has been duly executed and delivered by each of the parties hereto as of the date first written above.
